SITUATION SAID TO BE CLEARING

Private Advices Received at Washington Indicate Italian Muddle Will be Straightened

SEVERES LAST TIES TODAY

Italy's Representatives Depart From Paris For Rome—Under Current of Resentment in London

(By United Press.)

London, April 26.—The London press continued to plead for moderation toward Italy but an under current of resentment on President Wilson's great appeal is seen.

Washington, April 26.—The Italian situation is clearing rapidly, according to private advices received at the white house today. It was stated the president's action on Fiume is generally endorsed by participants in the peace conference.

According to authorities here, the president's action was taken in order to get definite information in regard to nations with whom the United States would deal on international principles for which this country stands.

The belief was expressed that upon the return of Premier Orlando and Foreign Minister Sonnino depends a decision on the future course of Italy soon, and complete adjustment of the situation will be accomplished without great delay.

Regarding this situation, Secretary of the Interior Lane today issued a statement as follows: "Fiume was not to be given to Italy by a secret treaty made on Italy's entrance into the war, called a London treaty. Under this treaty Fiume was to go to Croatia, which is now a part of Jugo-Slovakia, and this is where President Wilson wishes it to go now. The question of giving Fiume to Italy thus consumes much good time and President Wilson, Premier Lloyd George and Premier Clemenceau jointly concluded that to give Fiume to Italy would be unjust to the new republic east of the Adriatic which can be serviceable as a sea entrance to Jugo-Slovakia and adjoining countries.

Paris, April 26, 2:30 p. m.—Italy has severed her last ties with the peace conference. Foreign Minister Sonnino and Foreign Premier Faldaria, the last of the Italian delegates remaining in Paris, left for Rome at two o'clock this afternoon.

Up to the final minute, it had been hoped the breach might be healed and Italy retain her position in the conference.

The issue now rests with the Italian parliament and back of that body Italy's forty million people. Premier Orlando, reported to making a triumphal passage into the Italian province on his way back to Rome, is expected to go before parliament Monday or Tuesday, asking a vote of confidence in his ministry. Upon this verdict depends Italy's further course.

A vote of confidence empowers Orlando to return to Paris and renew demands for Fiume or could even direct annexation of the port without the formality of going before the peace conference again.

It was learned on good authority today that an official statement by Premier Lloyd George on the British position in the controversy, endorsed by Premier Clemenceau, is in Orlando's hands. He is free to use it if he desires. The tone of the statement is a guarded secret, but if it is consistent with previous announcements of the British attitude, the American, French and Britishers agree that Italy cannot have Fiume.

There was a belief here today that probably Japan will raise her racial equality issue in some form at the plenary session of the conference Monday.

BRAINS OF GANG ARRESTED

W. M. Collins, Head of Fake Fight Swindlers, Held at Phoenix

(By United Press.)

Indianapolis, Ind., April 26.—William M. Collins, alias George Armstrong, said by the federal authorities to be the brains of the gang of fake fight swindlers at Muncie, was arrested at Phoenix, Arizona, late yesterday, according to a telegram received here today. Collins was traced throughout the west by an agent from Indianapolis.

It was reported that eighteen men were definitely involved now and 20 victims communicated with.

ITALIANS APPARENTLY STILL SUPPORTS CLAIM

Demonstrations Continue in Every City and Senate Plans to Cable U. S. Congress Protest

RESENT WILSON STATEMENT

(By United Press.)

Rome, April 26.—A dispatch from Fiume today said news of President Wilson's statement caused great consternation there. Thousands are reported to be parading the streets demanding annexation to Italy.

The impression grew today that the Italian nation supports the claim upon which representatives in the peace conference have taken their stand.

Demonstrations continued in every city. President Wilson's statement of Wednesday was divulged to members of the senate and chamber of deputies late yesterday but was not published until today.

It is reported that movements are under way in the senate to cable the American congress expressions of regret over Wilson's unprecedented action.

Speakers pointed out that Wilson must not be confused with the American people, whose friendship Italy wishes to retain.

FEBRUARY TERM OF COURT ENDS TODAY

After Week's Vacation, May Term Will Begin Week From Monday —Norris Will Construe.

ACCOUNT SUIT DISMISSED.

The February term of the Rush county circuit court was brought to a close today and after a week's vacation, the May term will begin on Monday, May 5 and continue until the latter part of June, when court will adjourn for the summer vacation.

Very little business of importance was transacted today. Judgment for the plaintiff was returned in the case of Mrs. Mary L. Norris of Milroy, who filed suit against Ira A. Somerville, administrator of the estate of her husband, the late S. O. Norris, for a construction of her husband's will. The court found that the plaintiff is the absolute owner under the will of all personal property, subject to the debts of the estate.

Judgment as prayed in the quiet title suit of Glen Miller against Joseph Myers and others, was awarded by the court. Each defendant defaulted and the title was quieted, with the costs on the plaintiff. The case of George W. Thomas against Casper Johnson, on an account for \$125, was dismissed and the costs paid by the plaintiff.

CALLS MEN TO COLORS

Trieste, April 26.—The Jugo-Slovak government has called three additional classes to the colors, according to dispatches from Agram today.

NOT NECESSARY TO SHOW DEPENDENCY

Misunderstanding Exists as to Rights of Beneficiaries of War Risk Insurance

TERMS OF ACT ARE EXPLAINED

Compensation, Which is Apart From Insurance, is Payable Only to a Dependent Relative

While a relative of a deceased soldier who carried government war risk insurance is not required to show dependency in order to collect the insurance such relative is not entitled to "compensation" unless dependency is shown, according to a statement which has been made by Carter Glass, secretary of the treasury. The explanation is made in regard to the misunderstanding and confusion which exist as to the rights of relatives who are named as beneficiaries in such policies.

A number of local soldiers who purchased government insurance when they entered the service are awaiting full details of the plans by which they may be permitted to convert the policies into some other kind of insurance. The rates which are established by the war risk insurance department affective only as to former soldiers who carried this insurance while in the service are expected to be slightly lower than the regular insurance rates charged by the big companies of the country. A few local soldiers have received form policies for converting their insurance with a book of rates, and it is expected that the conversion can be made within the next few months. The rates, it is said, will be governed by the age of the insured at the time of conversion.

Relative to the rights of relatives and beneficiaries, the secretary of treasury makes the following statement:

Considerable confusion and much misunderstanding seems to prevail among the relatives and beneficiaries of men in the military and naval service as to their rights under the War Risk Insurance Act. Many mothers and fathers named as beneficiaries of the Government Insurance applied for by their sons have gained the impression that they must prove dependency in order to receive payments of insurance. This is an entirely erroneous impression Continued on Page Five

CONFERENCE LARGER THAN WAS EXPECTED

Y. M. C. A. Gathering at Greensburg Attended by Representatives of Fifteen Counties

FOUR DELEGATES FROM HERE

The conference of Y. M. C. A. workers at Greensburg yesterday, which was attended by four delegates from this county, developed into more than a tri-county affair, representatives being present from fifteen counties extending from Madison to Richmond. The purpose of the conference was to advance the community center idea with the view of persuading rural communities to take it up and give it a trial.

In addition to the printed program President Millis of Hanover college also addressed the conference on the topic which was under discussion. Coach Thurber, director of athletics at Hanover, and R. L. Donnan and Edgar W. Webb, physical training directors of the Indianapolis Y. M. C. A., were present and delivered short talks. Dr. D. Ira Lambert of this city spoke on "The Place of Recreation in Community Life" at 2:30 o'clock.

NOT LIKELY TO BE REPRESENTED

Present Indications Are Rush County Will Not Have Delegation of Discharged Soldiers

WELCOME HOME CELEBRATION

County Council of Defense Fails to Find Sentiment in Favor of Appropriation

Whether Rush county will be represented by a delegation of discharged soldiers at the Welcome Home celebration in Indianapolis, was still problematical today, because there is little indication that the county council will appropriate money to pay their carfare and for the additional reason that the chairman of the county council of defense, T. M. Green, has been unable to find much sentiment in favor of sending a delegation to Indianapolis.

A committee of ten has already been appointed to represent Rush county at the celebration, but it appears at this time that if there are any Rush county soldiers in the parade, they will go of their own free will, without persuasion being used. The county defense body does not believe it would be advisable to attempt to recruit all of the returned soldiers in the county for the trip, because it has been found that the average soldier who has again taken up his place in civilian life, has a pronounced distaste for donning the uniform and parading. The majority of them have resumed their old responsibilities in civilian life and have no desire to participate in the celebration. This is the sentiment, with some exceptions, among the returned soldiers, so far as it can be learned.

In any event, though Rush county is not represented by a delegation of former fighting men, there is certain to be a big crowd of people from this county in attendance. Plans are going forward to make it one of the biggest events in the history of the state, according to a statement from the state council of defense, which was received by the local county chairman today, and is as follows:

Discharged soldiers and sailors themselves are expected to furnish the arguments and justification for appropriations from the county Continued on Page Five

GERMANS HAVE PLAN FOR LEAGUE OF NATIONS

Members of Peace Commission Announces Plan Calling for Election of Delegates by People.

HE SHOWS ITS ADVANTAGES.

(By United Press.)

Berlin, April 26.—Prof. Schuecking, member of the German peace commission, scheduled to leave Monday for Versailles today outlined the German plan for a league of nations, which is rapidly being whipped into shape for presentation at the conference.

"President Wilson's plan which the Paris conference adopted, is not satisfactory, because it is a league of diplomats or governments, rather than of peoples", said Schuecking.

"Our league would be a parliament made up of representatives elected by the people, one for each million population. No nation would be allowed more than ten."

"Wilson's league makes five big powers dictators of world affairs into an executive committee which we would abolish when smaller nations and neutrals would not submit to domination."

VICTORY NOTES SALE LAGS

Reports Shows Average of Only \$110,000,000 Daily For 5 Days

(By United Press.)

Washington, April 26.—Sales of Victory notes are lagging. Figures made public by national loan headquarters show that subscriptions have averaged only \$110,000,000 a day for the five days of the campaign ending last night. If the minimum goal of \$4,500,000,000 is to be reached by May 10, an average of \$3,000,000 daily, including Sundays, must be obtained in sales, officials pointed out today.

Subscriptions reported officially make up the total of \$650,000,000.

OPINIONS VARY ON EFFECTS OF FREEZE

Some Believe Fruit Which Escaped Thursday Night Could Survive Last Night's Low Temperature

OTHERS THINK DIFFERENTLY

Opinions continued to vary today as to whether the fruit crop would be materially lessened by the two successive freezes Thursday night and last night. Although it was not quite so cold last night, some farmers and fruit growers declared that it only served to add to the loss of the night before. Others could be found who said that any fruit, vegetables or grain crops which escaped the freeze or Thursday night could survive the one of last night.

Those who yesterday predicted that much of the fruit would not recover from the effects of the first freeze, had not revised their opinions today. Chris King, probably the largest fruit grower in the county, believes that much of the small fruit, including the plums, cherries and pears, are badly damaged and will not yield much. He says it is doubtful whether many of the apples were affected because they were not so far advanced.

150TH ARTILLERY AT CAMP MERRITT

Indiana's Famous Unit of Rainbow Division Lands and Will be Joined by Hospital Unit

NO. 32 IS DUE HERE SUNDAY

New York, April 26.—Indiana's famous 150th field artillery, Colonel Robert H. Tyndall, commanding is back on Yankee soil at sunset yesterday the regiment disembarked from the Leviathan at Hoboken, and aboard barges was hurried up the Hudson to Camp Merritt, N. J., to remain until it starts for its triumphal entry into Indianapolis.

A happy feature of the home-going of the Hoosier artillerymen will be that the boys of base hospital No. 32, due here tomorrow on the Freedom, will be entrained, for home with them. This information came last night in a telegram received by Richard O. Johnson from the adjutant-general at Washington. Surgeon-General Merritte Ireland, who is a Hoosier, requested that this be done.

Also among those on the Leviathan were other Indiana men, many of these in the 149th field artillery, which came with fifty-one officers and 1,441 men. There was a casual company made up of Indiana men.

Though hostilities were over, the trip of the transport was not without one thrill of war. Her officers reported that she missed a mine by only thirty feet while off the Grand banks of Newfoundland Tuesday morning.

FIRST WEEK IS A DISAPPOINTMENT

Liberty Loan Officials are Wearing Long Faces Today Because of the Poor Showing.

OVER CONFIDENCE BLAMED

Arrangements are Completed for Coming of War Exhibit Train of Five Cars Wednesday.

The first week of the Victory Liberty loan campaign is a distinct disappointment.

Campaign officials were wearing long faces because of the decidedly pessimistic feeling which prevailed today, when it was expected the county would be able to announce a one hundred percent subscription.

The fault seems to be overconfidence. It is very apparent that a large number of loan workers, believing that the quota will be easily sold, have decided that it is useless for them to spend their time soliciting for bond sales. The result is that the drive has been lagging perceptibly. The sales are not being reported as rapidly as they should be and only \$450,000 was reported by the banks of the county today, which sum is slightly in excess of half the quota of \$825,000.

No new townships made reports today to T. M. Green, county sales director, only additional sales being sent in from Ripley and Anderson townships. The latter township reported \$2,300 as of Thursday and \$850 as of today, making the total for the campaign \$15,100. Ripley township reported Victory notes in the sum of \$1,450 sold, making the total for the township \$9,550. This makes \$51,550 reported sold through the township committees. The majority of these sales are included in the bank totals.

Arrangements have been completed for the coming of the war exhibit train next Wednesday. It will arrive at seven o'clock over the C. I. & W. and will be stationed on a side track in the railroad yards in West Fourth street until eleven o'clock. The train will be open for visitors at eight o'clock.

The train consists of five cars which carry an elaborate display of war material, including much equipment and many guns captured from the Germans by the American. Nineteen men accompany the train and will explain the exhibit.

The soldiers will be entertained for breakfast by the local committee. J. H. Scholl, superintendent of the schools, will assign ten boy Scouts to guard the train between the hours of seven and eight while the soldiers are at breakfast. It is probable that the schools will be dismissed early Wednesday morning so that the children may view the war exhibit.

FINDS FOR DEFENDANT

Albert C. Cooper was tried in Squire Stech court today with Gates Ketchum acting as special justice after a change was asked. Justice Fleener filed an affidavit against him, alleging that Cooper obtained cash and groceries by misrepresentation. Mr. Ketchum decided in favor of the defendant.

Don't Burn Good Fuel in a Poor Stove.

TAKE

PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPsinco.

Ask your druggist—he sells and recommends Pepsinco.

COAL PRODUCTION IN STATE FALLS STEADILY

Fuel Administration Report Shows Indiana Mines Producing 25 Percent of December Output

FAULT RAIL ADMINISTRATION

(By United Press.)

Terre Haute, Ind., April 26.—Coal production in Indiana has fallen of from 50 to 75 percent since December 1, according to reports compiled by the directing agent of the United States fuel administration today.

From a production of 650,000 to 800,000 tons weekly, Indiana fields have steadily diminished the production to 268,175 tons, for the week of April 12. April proved to be the lightest month in history.

Several mines have suspended work and as a result Indiana coal field miners work only one-third of their time.

The condition is attributed by operators to the railroad administration, which is forcing down prices for coal, thus forcing up prices to all smaller consumers and lessening the demand.

Printer's Ink-Propylactic.

Somewhere, sometime, someone made the sage observation that the judicious use of printers' ink might prove as useful as medicine in the prevention of communicable diseases.

If not statistically accurate it is certainly worthy of comment that publicity, directed toward education, has been a prime factor and most useful ally in bettering living conditions from a health standpoint. It has been precious in sanitation education, for it first taught the public the necessity of drainage and sewerage; that flies and mosquitoes were the chief carriers of several ever-present communicable diseases, and it has taught the public, or a great portion of it, to insist on pure foods.

At first newspapers hesitated to touch the subject of sanitation, pest houses, flies and mosquitoes, because the editor feared it was not news. Experiment proved there was no bigger element of news anywhere than something that concerned everyone.

DIFFERENT KINDS OF COUGHS

Bad colds lead to different kinds of coughs. There is a "dry cough," a "winter cough," a gripple cough, bronchial cough, asthmatic cough, and of course, the hacking, painful cough to raise choking phlegm. Foley's Honey and Tar gives quick relief in all cases. T. J. McCall, Athens, O., writes: "We used Foley's Honey and Tar in our home for several years and find it almost invaluable for the cure of coughs and colds, and especially for croup with our children." F. B. Johnson, Adv. 6

of his readers intimately—the public health.

There can no longer be room for doubt that every reader of a newspaper and every good citizen is vitally interested in prolonging his chance for living a greater number of years.

That is the reason today newspapers have taken up the fight for the eradication of venereal diseases and are cooperating with the United States Public Health Service in a nation-wide educational campaign urging the adoption of proper control legislation, the closing of houses of prostitution, the segregation and compulsory treatment of the diseased until they are no longer a menace to the public.

It is a new discussion for the press and public, for until the drafting of millions for the army revealed the terrible prevalence of gonorrhea and syphilis in civil life the two evils were secrets to everyone except the medical profession, and, because statistics were not available physicians had only a vague idea of the high prevalence.

The army experience was startling. It convinced President Wilson, his cabinet and Congress that false modesty could no longer shield one of the greatest dangers to America's health; for it was realized then, as now, that ignorance and secrecy were largely responsible for the condition, that exposure and publicity would bring reform.

This is actually happening. A majority of the States are treating venereal diseases quite as openly and frankly as an epidemic of small-pox, and quite as effectively. And that is the only way. The public must realize that gonorrhea and syphilis are names for communicable diseases instead of crimes, and that the fight for their eradication is not a private affair of the Public Health Service, but concerns every American vitally.

Cotton speculators down south are trying to organize a movement among cotton producers to limit the coming crop in order to boost prices which are already more than double pre-war figures. Now suppose that everybody else adopts the same policy—curtails production in order to raise prices—what will be the condition of the country?

France will get the Saar valley coal for a term of years. She expects to keep warm, whatever else she does.

It is claimed that Germany is still standing with her mouth open and stomach empty. What she wants is a peace of bread.

TWO THEFTS ARE REPORTED

Robbers Steal Tools, Bicycle and Horse Blanket Near Milroy

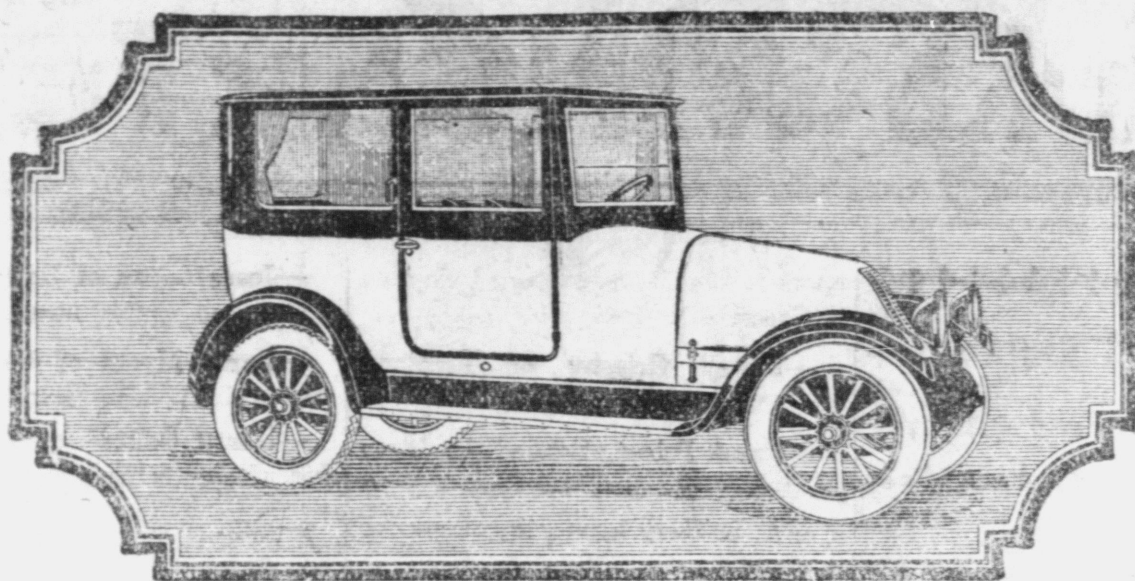

The local police have been asked to search for the robbers who are responsible for the theft of tools valued at \$100 from the Overleese farm south of Milroy, and a bicycle and horse blanket valued at \$50, from the garage at the country place of Walter Hite, near Sandusky. The Decatur county authorities were notified of the robberies. The tools belonged to Charles Spillman and Harold Raddel of Sandusky, the former having a contract to build a house for Rolla Muir, who will live on the Overleese farm. The robbery at the Hite home is the third within the last few weeks.

It's Travel--Satisfaction and Common Sense

It is altogether remarkable that any automobile should become famous for economy and usability on the one hand and equally famous on the other as the easiest riding car on the road—for the practical side of motoring seldom goes hand in hand with comfort and fineness. The FRANKLIN SEDAN gives unmatched economy, comfort and usability. They are all the result of common cause—the principles of AIR-COOLING, LIGHT WEIGHT and FLEXIBILITY. No other car combines these principles and for this reason, FRANKLIN records have stood unequalled for over 17 years. The FRANKLIN car keeps going when most other cars must stop. Ask for a test of FRANKLIN comfort, ease of handling, all-around usability on a poor road in this vicinity.

VOCATIONAL EDUCATION—

The vocational law of 1913 was amended in detail in several particulars. The term "home economics" is substituted for the term "domestic science". Part time evening classes in home economics are open to women over 16 instead of 17 years of age as formerly; the state board of education is authorized to prescribe the manner in which vocational schools shall be conducted; the authority to carry on instruction in elementary domestic science industrial and agricultural subjects as a part of the regular course of instruction is discontinued; attendance upon day or part time classes is restricted to all persons over 14 instead of those between the ages of 14 and 25 as formerly and persons over 16 instead of 17 years of age as formerly may attend evening classes. Provision is made for the establishment and maintenance of vocational teacher training classes. Pupils are required to attend part-time classes not less than 4 instead of 5 hours per week between the hours of 8 a. m. and 3:00 instead of 5:00 p. m. Approved vocational schools must have the necessary buildings and terms of sufficient length in addition to other conditions previously prescribed; the state will pay one half the cost of instruction in vocational subjects and the vocational state tax levy was fixed at one half cent.

Heider Model D 9-16
Burns Kerosene or Gasoline
HERE is the practical one-man tractor for your farm. Easy to control, start, stop or reverse, all with one lever. Special friction transmission, the greatest feature ever built into a tractor. Less gears, fewer parts, less trouble, less chance for breakage and lower upkeep cost. Especially designed manifold, burns either kerosene or gasoline. Switch from one fuel to the other at any time without carburetor changes. Standard four-wheel construction, heavy duty, four cylinder Waukegan tractor motor. Highest standard of accessories, Dixie high tension magneto with impulse starter, Kingsdon carburetor, Perfor radiator and S. K. P. bearings. Ten years of constantly making good are back of the

Heider
Made and Sold by Rock Island Plow Co.

The Model "D" 9-16 H. P. is a two-plow tractor and is built so you can attach the Rock Island No. 9 power and two-bottom tractor plow directly to the tractor. This plow is especially built for the Heider Model "D" Tractor. Your hand operates the tractor while your foot raises or lowers the plows by the automatic power lift.

This gives you tractor and plows in one complete unit. Easier to handle than the ordinary

horse plow—enables you to plow up to the fences and into the corners. You plow all the field.

Heider Model "D" is also equipped with a standard drawbar for pulling other tractor plows, discs, hay tools, wagons, spreaders, binders, mowers, etc. Has power enough on the belt to run smaller sized grain separators, silo fillers, corn shellers, etc. Will pump water, saw wood and run the cream separator or washing machine.

NOT LIKELY TO BE REPRESENTED

Continued from Page One
treasury of the state, for the purpose of paying their carfare to and from the state wide Welcome Home arranged for veterans of the world war, in Indianapolis, at a date definitely to be announced soon, probably near May 9th. In counties where veterans' organizations have been perfected the men are voicing their desires in the matter and in no instance, as it expected, will their wishes go unheeded.

The authority given county officials to appropriate public funds for the purpose has been set with a unanimous response of approval from taxpayers and those who were conspicuous in war activities. The latter have voluntarily offered their support to the plan of having the reception committee from each of the 92 counties include members of the county councils of defense and other representative citizens, to a minimum number of ten.

Interest aroused by the Victory loan campaign in war matters, directing attention to the debt the nation owes to those who fought on land and sea is adding to the general desire to make the Indianapolis celebration one worthy to rank in history along side that which marked the Hoosier greeting to the heroes who survived the Civil War. The fact that the historic monument in the state capital, is to be the center of the day's activities is regarded as a most appropriate arrangement and one that will add to the historic character of the event.

Every Indiana War Work organization has been pledged to co-operate in making the Welcome Home one worthy of the state's proud record in the war and it is through their united efforts that every Indiana boy who wore the khaki or the navy blue will be made to realize the affection and admiration cherished for him at home.

The 150th Indiana Regiment, which was a part of the Rainbow division, and whose arrival as a unit furnishes the occasion for the Welcome Home will be the only intact unit of Indiana troops in the parade, but the various other branches of the service will be represented by many more men, in each instance, than will be seen in the Rainbow ranks.

THEY HIT THE SPOT

D. McMillen, Volunteer Fireman's Home, Hudson, N. Y., writes: "My back pained me so I could not sit down to read or write with comfort. I could not sleep at night for constant pain and when I walked I was in great misery. I tried several remedies, but none did me any good. After taking 2 bottles Foley Kidney Pills my back and side are completely cured. They are like a stream of water played on a fire by firemen. They hit the spot put out the fire and drown the pain." They relieve kidney trouble and bladder ailments. F. B. Johnson.—(Adv.)

NOT NECESSARY TO SHOW DEPENDENCY

Continued from Page One
probably due to a confusion of the insurance and compensation provisions of the Act of Congress of October 6, 1917, and to a mistaken assumption that the terms "Insurance" and "Compensation" are used interchangeably, whereas they represent two entirely separate and distinct benefits.

Insurance is payable regardless of any dependency and a beneficiary designated in an application for Government insurance if within the permitted class of spouse, child, grandchild, parent, brother, or sister is entitled to receive the insurance in monthly installments without proving any dependency upon the insured.

"Compensation," however, which is separate and apart from insurance and takes the place of the pensions provided under the old pension system is payable only to a wife, child, dependent mother, or dependent father of a man who is disabled or dies as a result of injury suffered or disease contracted in the line of duty while employed in the active service. Compensation may be payable in addition to insurance, but a mother or father must prove actual dependency in order to receive monthly payments of compensation although they will receive the insurance in monthly installments if named as the beneficiary thereof whether they are dependent or not.

No dependency need be shown by any beneficiary in order to receive the Government insurance, but a mother or father must prove actual dependency upon their deceased son for the necessities of life in order to receive the additional payment of compensation.

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

Mrs. John Lee will entertain the members of the S. E. T. club Tuesday afternoon at her home in North Harrison street.

Mrs. Guy Abernethy will entertain the members of the Monday Circle Monday afternoon at her home in North Perkins street. The meeting was scheduled to be held at

the home of Mrs. J. C. Sexton but has been changed to the home of Mrs. Abernethy.

Mrs. Albert Allen was hostess for the French class yesterday afternoon in West Eleventh street. The afternoon was devoted to the study of French and after the study hour a light luncheon was served.

The regular meeting of the Coterie club, which was to have been held Monday afternoon, has been postponed for two weeks on account of the serious illness of the club's president, Mrs. George Puntney.

The O. N. T. club will have a

pitch-in-supper Tuesday evening at the home of Mrs. Lou Havens in North Main street. The honored guests will be Mrs. James Brown, of Laurel, who was formerly a charter member and who is visiting her daughter, Mrs. Frank Capp. Mr. and Mrs. Capp will also be guests. Each member is entitled to invite one guest.

Mrs. John D. Megee was the delightful hostess for the Happy-Go-Lucky club yesterday afternoon at her home in North Harrison street. After the social hours a delicious two course luncheon was served. Nineteen members and four guests, Mrs. Ben Humes, Mrs. Walter Frazer, Mrs. George C. Wyatt and Mrs. Carl Eveleigh of Indianapolis, were present.

A large crowd from this city attended the dance given in the Elk's hall in Shelbyville last evening. The hall was beautifully decorated in a color scheme of blue and the "Irresistible Jazz Four" furnished the splendid music for the dancers. Among those present from this city were Mr. and Mrs. Walter Hubbard, Mr. and Mrs. Walter Capp, Miss Marie Crosby, Miss Margaret Holbrook, and Miss Laverne Conway, Allen Blackledge, Tom Saunders, Howard Stiers, Robert Conway, Halbert Brown, Francis Knecht and Alfred Norris.

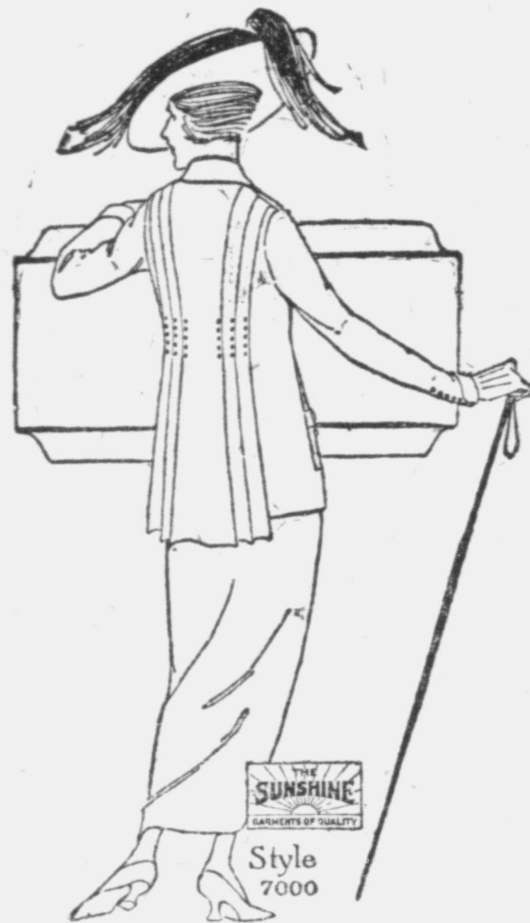

Members of the Rushville chapter of the Tri Kappa sorority will return this evening from Indianapolis where they have been attending the annual convention at the Claypool hotel, the only social events of which were the banquet and dance yesterday evening in the Riley room of the hotel. Tri Kappas from here at the banquet included Mrs. Kennard Allen, Mrs. Hubert Innis, Mrs. I. L. Expires Friday Afternoon at Four O'clock and Funeral Will be Held Sunday Afternoon

ONE SON, WILL, IS IN FRANCE

Mrs. O. C. Brann, age 56, died yesterday afternoon at four o'clock at her home in West Third street following a short illness. Death was due to complications following the pneumonia. The deceased was a member of the St. Paul's Methodist Episcopal church of this city and was a regular attendant at all the services as long as her health would permit.

She is survived by the husband, one sister, Mrs. H. L. Cruzer, of Rock Island, Ill., and two sons, Weldon, whose home is in Texas, and William, who is now in France with the A. E. F. The funeral services will be conducted Sunday afternoon at the late residence by the Rev. C. S. Black and interment will be made in East Hill cemetery.

Obituaries

"Suffer little children to come unto Me and forbid them not, for of such is the kingdom of Heaven."

For a little more than eleven years, God has loaned to Emery VanDeventer and his estimable family a life that has been the source of much joy and happiness; but because of his remarkable promise and lovable character he was fitted for a work up higher and was taken home to complete his training for service with the angels.

Few children had a wider circle of friends and a more promising future than did Marion.

All of his teachers and classmates were impressed by the breadth of his general information and the interest that he took in reading; no student visited the library oftener than he and no one read more carefully.

fully the books that are found there; his chief interest seemed to be in History and the accomplishment of the great men who had done so much to make our country what it is.

He was never satisfied with a partial understanding of anything that he read and it has been one of the pleasures of the writer to answer his innumerable though intelligent questions upon points that his immature mind was not able to comprehend.

He displayed the same interest and energy in his play that characterized his reading and was always regarded by his playmates as their leader in all of their boyish sports, where his influence was always good, for he was fair and truthful at all times.

It was in his home, however that all things centered for Marion; nothing occurred that did not attract his attention and nothing happened which he does not enter into. He was the companion of his brother and sisters the aid and comfort of his mother and the cheer of his father and though he has gone out of the family circle, his influence will remain as one of the most precious treasures of memory.

Not only has his school and home sustained a loss in the passing of this life but the community as well and all should be benefited by his influence, for his last rational thoughts were of those eternal and fundamental truths that he had learned in Sunday school and church for he sang in his beautiful childish tones of his home over there and of the voice that was calling him. 381f

JAPAN TO CELEBRATE PRINCE'S BIRTHDAY

Occasion is to be Made One of Celebration Throughout The Country, Commencing April 29

THEY WILL BE CONTINUOUS

Tokyo, March 30. (By Mail)—Japan's capital city will witness a series of brilliant celebration for ten days, commencing April 29, during what is known as the azalea season. The Crown Prince reaches his eighteenth birthday on April 29, and an elaborate celebration will be held at the Imperial Palace in honor of his coming of age. This occasion is also to be made one of celebration throughout the country and especially here.

On May 1, the Tokyo municipal authorities will celebrate the thirtieth anniversary of the beginning of the city administration, and on the 8th the fiftieth anniversary of the transfer of the capital of Japan from Kyoto to Tokyo will be celebrated. This latter celebration has been postponed two years on account of the war.

The celebrations are expected to be practically continuous and in order that they may be fittingly carried out the city assembly is expected to vote \$75,000 as expenses.

CIRCLE OVER INDIANAPOLIS

"Flying Circus" Touring—Central West in Interest of Loan

Indianapolis, Ind., April 26.—German planes captured on the battlefield of France and American airplanes were to circle over Indianapolis and other cities of Central Indiana boosting the Victory loan today.

The "flying circus" is touring the central west in the interest of the loan. It was to arrive here early today and leave at 1 o'clock tomorrow morning. American, British and French aviators were to form the circus.

TO COLLECT WAR SONGS

Indianapolis, Ind., April 26.—War songs and poems penned by Indiana authors will be collected and made a part of the state's war records, according to plans of the Indiana Historical Commission. Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

SITUATION SAID TO BE CLEARING

Private Advices Received at Washington Indicate Italian Muddle Will be Straightened

SEVERES LAST TIES TODAY

Italy's Representatives Depart From Paris For Rome—Under Current of Resentment in London

(By United Press.)

London, April 26.—The London press continued to plead for moderation toward Italy but an undercurrent of resentment on President Wilson's great appeal is seen.

Washington, April 26.—The Italian situation is clearing rapidly, according to private advices received at the white house today. It was stated the president's action on Fiume is generally endorsed by participants in the peace conference.

According to authorities here, the president's action was taken in order to get definite information in regard to nations with whom the United States would deal on international principles for which this country stands.

The belief was expressed that upon the return of Premier Orlando and Foreign Minister Sonnino depends a decision on the future course of Italy soon, and complete adjustment of the situation will be accomplished without great delay.

Regarding this situation, Secretary of the Interior Lane today issued a statement as follows: "Fiume was not to be given to Italy by a secret treaty made on Italy's entrance into the war, called a London treaty. Under this treaty Fiume was to go to Croatia, which is now a part of Jugoslavia, and this is where President Wilson wishes it to go now. The question of giving Fiume to Italy thus consumes much good time and President Wilson, Premier Lloyd George and Premier Clemenceau jointly concluded that to give Fiume to Italy would be unjust to the new republic east of the Adriatic which can be serviceable as a sea entrance to Jugoslavia and adjoining countries.

Paris, April 26, 2:30 p. m.—Italy has severed her last ties with the peace conference. Foreign Minister Sonnino and Foreign Premier Palamandria, the last of the Italian delegates remaining in Paris, left for Rome at two o'clock this afternoon.

Up to the final minute, it had been hoped the breach might be healed and Italy retain her position in the conference.

The issue now rests with the Italian parliament and back of that body Italy's forty million people. Premier Orlando, reported to be making a triumphal passage into the Italian province on his way back to Rome, is expected to go before parliament Monday or Tuesday, asking a vote of confidence in his ministry. Upon this verdict depends Italy's further course.

A vote of confidence empowers Orlando to return to Paris and renew demands for Fiume or could even direct annexation of the port without the formality of going before the peace conference again.

It was learned on good authority today that an official statement by Premier Lloyd George on the British position in the controversy, endorsed by Premier Clemenceau, is in Orlando's hands. He is free to use it if he desires. The tone of the statement is a guarded secret, but it is consistent with previous announcements of the British attitude. The American, French and Britishers agree that Italy cannot have Fiume.

There was a belief here today that probably Japan will raise her racial equality issue in some form at the plenary session of the conference Monday.

BRAINS OF GANG ARRESTED

W. M. Collins, Head of Fake Fight Swindlers, Held at Phoenix

(By United Press.)

Indianapolis, Ind., April 26.—William M. Collins, alias George Armstrong, said by the federal authorities to be the brains of the gang of fake fight swindlers at Muncie, was arrested at Phoenix, Arizona, late yesterday, according to a telegram received here today. Collins was traced throughout the west by an agent from Indianapolis.

It was reported that eighteen men were definitely involved now and 20 victims communicated with.

ITALIANS APPARENTLY STILL SUPPORTS CLAIM

Demonstrations Continue in Every City and Senate Plans to Cable U. S. Congress Protest

RESENT WILSON STATEMENT

(By United Press.)

Rome, April 26.—A dispatch from Fiume today said news of President Wilson's statement caused great consternation there. Thousands are reported to be parading the streets demanding annexation to Italy.

The impression grew today that the Italian nation supports the claim upon which representatives in the peace conference have taken their stand.

Demonstrations continued in every city. President Wilson's statement of Wednesday was divulged to members of the senate and chamber of deputies late yesterday but was not published until today.

It is reported that movements are under way in the senate to cable the American congress expressions of regret over Wilson's unprecedented action.

Speakers pointed out that Wilson must not be confused with the American people, whose friendship Italy wishes to retain.

FEBRUARY TERM OF COURT ENDS TODAY

After Week's Vacation, May Term Will Begin Week From Monday—Norris Will Construe.

ACCOUNT SUIT DISMISSED.

The February term of the Rush county circuit court was brought to a close today and after a week's vacation, the May term will begin on Monday, May 5 and continue until the latter part of June, when court will adjourn for the summer vacation.

Very little business of importance was transacted today. Judgment for the plaintiff was returned in the case of Mrs. Mary L. Norris of Millroy, who filed suit against Ira A. Sommerville, administrator of the estate of her husband, the late S. O. Norris, for a construction of her husband's will. The court found that the plaintiff is the absolute owner under the will of all personal property, subject to the debts of the estate.

Judgment as prayed in the quiet title suit of Glen Miller against Joseph Myers and others, was awarded by the court. Each defendant defaulted and the title was quieted, with the costs on the plaintiff. The case of George W. Thomas against Casper Johnson, on an account for \$125, was dismissed and the costs paid by the plaintiff.

CALLS MEN TO COLORS

Trieste, April 26.—The Jugoslav government has called three additional classes to the colors, according to dispatches from Agram today.

NOT NECESSARY TO SHOW DEPENDENCY

Misunderstanding Exists as to Rights of Beneficiaries of War Risk Insurance

TERMS OF ACT ARE EXPLAINED

Compensation, Which is Apart From Insurance, is Payable Only to a Dependent Relative

While a relative of a deceased soldier who carried government war risk insurance is not required to show dependency in order to collect the insurance such relative is not entitled to "compensation" unless dependency is shown, according to a statement which has been made by Carter Glass, secretary of the treasury. The explanation is made in regard to the misunderstanding and confusion which exist as to the rights of relatives who are named as beneficiaries in such policies.

A number of local soldiers who purchased government insurance when they entered the service are awaiting full details of the plans by which they may be permitted to convert the policies into some other kind of insurance. The rates which are established by the war risk insurance department affective only as to former soldiers who carried this insurance while in the service are expected to be slightly lower than the regular insurance rates charged by the big companies of the country. A few local soldiers have received form policies for converting their insurance with a book of rates, and it is expected that the conversion can be made within the next few months. The rates, it is said, will be governed by the age of the insured at the time of conversion.

Relative to the rights of relatives and beneficiaries, the secretary of treasury makes the following statement:

Considerable confusion and much misunderstanding seems to prevail among the relatives and beneficiaries of men in the military and naval service as to their rights under the War Risk Insurance Act. Many mothers and fathers named as beneficiaries of the Government Insurance applied for by their sons have gained the impression that they must prove dependency in order to receive payments of insurance. This is an entirely erroneous impression. Continued on Page Five

CONFERENCE LARGER THAN WAS EXPECTED

Y. M. C. A. Gathering at Greensburg Attended by Representatives of Fifteen Counties

FOUR DELEGATES FROM HERE

The conference of Y. M. C. A. workers at Greensburg yesterday, which was attended by four delegates from this county, developed into more than a tri-county affair, representatives being present from fifteen counties extending from Madison to Richmond. The purpose of the conference was to advance the community center idea with the view of persuading rural communities to take it up and give it a trial.

In addition to the printed program President Mills of Hanover college also addressed the conference on the topic which was under discussion. Coach Thurber, director of athletics at Hanover, and R. L. Donnan and Edgar W. Webb, physical training directors of the Indianapolis Y. M. C. A., were present and delivered short talks. Dr. D. F. Lamber of this city spoke on "The Place of Recreation in Community Life" at 2:30 o'clock.

NOT LIKELY TO BE REPRESENTED

Present Indications Are Rush County Will Not Have Delegation of Discharged Soldiers

WELCOME HOME CELEBRATION

County Council of Defense Fails to Find Sentiment in Favor of Appropriation

Whether Rush county will be represented by a delegation of discharged soldiers at the Welcome Home celebration in Indianapolis, was still problematical today, because there is little indication that the county council will appropriate money to pay their carfare and for the additional reason that the chairman of the county council of defense, T. M. Green, has been unable to find much sentiment in favor of sending a delegation to Indianapolis.

A committee of ten has already been appointed to represent Rush county at the celebration, but it appears at this time that if there are any Rush county soldiers in the parade, they will go of their own free will, without persuasion being used. The county defense body does not believe it would be advisable to attempt to recruit all of the returned soldiers in the county for the trip, because it has been found that the average soldier who has again taken up his place in civilian life, has a pronounced distaste for donning the uniform and parading. The majority of them have resumed their old responsibilities in civilian life and have no desire to participate in the celebration. This is the sentiment, with some exceptions, among the returned soldiers, so far as it can be learned.

In any event, though Rush county is not represented by a delegation of former fighting men, there is certain to be a big crowd of people from this county in attendance. Plans are going forward to make it one of the biggest events in the history of the state, according to a statement from the state council of defense, which was received by the local county chairman today, and is as follows:

Discharged soldiers and sailors themselves are expected to furnish the arguments and justification for appropriations from the county. Continued on Page Five

GERMANS HAVE PLAN FOR LEAGUE OF NATIONS

Members of Peace Commission Announces Plan Calling for Election of Delegates by People.

HE SHOWS ITS ADVANTAGES.

(By United Press.)

Berlin, April 26.—Prof. Schuecking, member of the German peace commission, scheduled to leave Monday for Versailles today outlined the German plan for a league of nations, which is rapidly being whipped into shape for presentation at the conference.

"President Wilson's plan which the Paris conference adopted, is not satisfactory, because it is a league of diplomats or governments, rather than of peoples," said Schuecking.

"Our league would be a parliament made up of representatives elected by the people, one for each million population. No nation would be allowed more than ten."

"Wilson's league makes five big powers dictators of world affairs into an executive committee which would shock when smaller nations and neutrals would not submit to domination."

VICTORY NOTES SALE LAGS

Reports Shows Average of Only \$110,000 Daily For 5 Days

(By United Press.)

Washington, April 26.—Sales of Victory notes are lagging. Figures made public by national loan headquarters show that subscriptions have averaged only \$110,000,000 a day for the five days of the campaign ending last night. If the minimum goal of \$4,500,000,000 is to be reached by May 10, an average of \$3,000,000 daily, including Sundays, must be obtained in sales, officials pointed out today.

Subscriptions reported officially make up the total of \$650,000,000.

OPINIONS VARY ON EFFECTS OF FREEZE

Some Believe Fruit Which Escaped Thursday Night Could Survive Last Night's Low Temperature

OTHERS THINK DIFFERENTLY

Opinions continued to vary today as to whether the fruit crop would be materially lessened by the two successive freezes Thursday night and last night. Although it was not quite so cold last night, some farmers and fruit growers declared that it only served to add to the loss of the night before. Others could be found who said that any fruit, vegetables or grain crops which escaped the freeze or Thursday night could survive the one of last night.

Those who yesterday predicted that much of the fruit would not recover from the effects of the first freeze, had not revised their opinions today. Chris King, probably the largest fruit grower in the county, believes that much of the small fruit, including the plums, cherries and pears, are badly damaged and will not yield much. He says it is doubtful whether many of the apples were affected because they were not so far advanced.

150TH ARTILLERY AT CAMP MERRITT

Indiana's Famous Unit of Rainbow Division Lands and Will be Joined by Hospital Unit

NO. 32 IS DUE HERE SUNDAY

New York, April 26.—Indiana's famous 150th field artillery, Colonel Robert H. Tyndall, commanding is back on Yankee soil at sunset yesterday the regiment disembarked from the Leviathan at Hoboken, and aboard barges was hurried up the Hudson to Camp Merritt, N. J., to remain until it starts for its triumphal entry into Indianapolis.

A happy feature of the home-going of the Hoosier artillerymen will be that the boys of base hospital No. 32, due here tomorrow on the Freedom, will be entrained for home with them. This information came last night in a telegram received by Richard O. Johnson from the adjutant-general at Washington. Surgeon-General Merritte Ireland, who is a Hoosier, requested that this be done.

Also among those on the Leviathan were other Indiana men, many of these in the 149th field artillery, which came with fifty-one officers and 1,441 men. There was a casual company made up of Indiana men.

Though hostilities were over, the trip of the transport was not without one thrill of war. Her officers reported that she missed a mine by only thirty feet while off the Grand banks of Newfoundland Tuesday morning.

FIRST WEEK IS A DISAPPOINTMENT

Liberty Loan Officials are Wearing Long Faces Today Because of the Poor Showing.

OVER CONFIDENCE BLAMED

Arrangements are Completed for Coming of War Exhibit Train of Five Cars Wednesday.

The first week of the Victory Liberty loan campaign is a distinct disappointment.

Campaign officials were wearing long faces because of the decidedly pessimistic feeling which prevailed today, when it was expected the county would be able to announce a one hundred percent subscription.

The fault seems to be overconfidence. It is very apparent that a large number of loan workers, believing that the quota will be easily sold, have decided that it is useless for them to spend their time soliciting for bond sales. The result is that the drive has been lagging perceptibly. The sales are not being reported as rapidly as they should be and only \$450,000 was reported by the banks of the county today, which sum is slightly in excess of half the quota of \$825,000.

No new townships made reports today to T. M. Green, county sales director, only additional sales being sent in from Ripley and Anderson townships. The latter township reported \$2,300 as of Thursday and \$850 as of today, making the total for the campaign \$15,100. Ripley township reported Victory notes in the sum of \$1,450 sold, making the total for the township \$9,550. This makes \$51,550 reported sold through the township committees. The majority of these sales are included in the bank totals.

Arrangements have been completed for the coming of the war exhibit train next Wednesday. It will arrive at seven o'clock over the C. I. & W. and will be stationed on a side track in the railroad yards in West Fourth street until eleven o'clock. The train will be open for visitors at eight o'clock.

The train consists of five cars, which carry an elaborate display of war material, including much equipment and many guns captured from the Germans by the American. Nineteen men accompany the train and will explain the exhibit.

The soldiers will be entertained for breakfast by the local committee. J. H. Scholl, superintendent of the schools, will assign ten boy Scouts to guard the train between the hours of seven and eight while the soldiers are at breakfast. It is probable that the schools will be dismissed early Wednesday morning so that the children may view the war exhibit.

BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of kidneys are usually indicated by stiff lame backs and other wrenching pains, which are nature's signals for help!

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original GOLD MEDAL Haaslem Oil Capsules, imported fresh every month from the laboratories in Haaslem, Holland. Pleasant and easy to take, they instantly attack the poisonous germs clogging your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box.

Don't Burn Good Fuel in a Poor Stove.

TAKE

PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health, and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEP-SINCO.

Ask your druggist—he sells and recommends Pepsinco.

COAL PRODUCTION IN STATE FALLS STEADILY

Fuel Administration Report Shows
Indiana Mines Producing 25
Percent of December Output

FAULT RAIL ADMINISTRATION

(By United Press.)

Terre Haute, Ind., April 26.—Coal production in Indiana has fallen off from 50 to 75 percent since December 1, according to reports compiled by the directing agent of the United States fuel administration today.

From a production of 650,000 to 800,000 tons weekly, Indiana fields have steadily diminished the production to 268,175 tons, for the week of April 12. April proved to be the lightest month in history.

Several mines have suspended work and as a result Indiana coal field miners work only one-third of their time.

The condition is attributed by operators to the railroad administration, which is forcing down prices for coal, thus forcing up prices to all smaller consumers and lessening the demand.

Printer's Ink-Propylactic.

Somewhere, sometime, someone made the sage observation that the judicious use of printers' ink might prove as useful as medicine in the prevention of communicable diseases.

If not statistically accurate it is certainly worthy of comment that publicity, directed toward education, has been a prime factor and most useful ally in bettering living conditions from a health standpoint. It has been priceless in sanitation education, for it first taught the public the necessity of drainage and sewerage; that flies and mosquitoes were the chief carriers of several ever-present communicable diseases, and it has taught the public, or a great portion of it, to insist on pure foods.

At first newspapers hesitated to touch the subject of sanitation, pest houses, flies and mosquitoes, because the editor feared it was not news. Experiment proved there was no bigger element of news anywhere than something that concerned everyone.

DIFFERENT KINDS OF COUGHS

Bad colds lead to different kinds of coughs. There is a "dry cough," a "winter cough," a gripple cough, bronchial cough, asthmatic cough, and of course, the racking, painful cough to raise choking phlegm. Foley's Honey and Tar gives quick relief in all cases. T. J. McCall, Athens, O., writes: "We used Foley's Honey and Tar in our home for several years and find it almost invaluable for the cure of coughs and colds, and especially for croup with our children." P. B. Johnson, Adv. 6

of his readers intimately—the public health.

There can no longer be room for doubt that every reader of a newspaper and every good citizen is vitally interested in prolonging his chance for living a greater number of years.

That is the reason today newspapers have taken up the fight for the eradication of venereal diseases and are cooperating with the United States Public Health Service in a nation-wide educational campaign urging the adoption of proper control legislation, the closing of houses of prostitution, the segregation and compulsory treatment of the diseased until they are no longer a menace to the public.

It is a new discussion for the press and public, for until the drafting of millions for the army revealed the terrible prevalence of gonorrhea and syphilis in civil life the two evils were secrets to everyone except the medical profession, and, because statistics were not available physicians had only a vague idea of the high prevalence.

The army experience was startling. It convinced President Wilson, his cabinet and Congress that false modesty could no longer shield one of the greatest dangers to America's health; for it was realized then, as now, that ignorance and secrecy were largely responsible for the condition, that exposure and publicity would bring reform.

This is actually happening. A majority of the States are treating venereal diseases quite as openly and frankly as an epidemic of small-pox, and quite as effectively. And that is the only way. The public must realize that gonorrhea and syphilis are names for communicable diseases instead of crimes, and that the fight for their eradication is not a private affair of the Public Health Service, but concerns every American vitally.

Cotton speculators down south are trying to organize a movement among cotton producers to limit the coming crop in order to boost prices which are already more than double pre-war figures. Now suppose that everybody else adopts the same policy—curtails production in order to raise prices—what will be the condition of the country?

France will get the Saar valley coal for a term of years. She expects to keep warm, whatever else she does.

The local police have been asked to search for the robbers who are responsible for the theft of tools valued at \$100 from the Overleese farm south of Milroy, and a bicycle and horse blanket valued at \$50, from the garage at the country place of Walter Hite, near Sandusky. The Decatur county authorities were notified of the robberies. The tools belonged to Charles Spillman and Harold Kaddel of Sandusky, the former having a contract to build a house for Ralph Muire, who will live on the Overleese farm. The robbery at the Hite home is the third within the last few weeks.

It's Travel--Satisfaction and Common Sense

It is altogether remarkable that any automobile should become famous for economy and usability on the one hand and equally famous on the other as the easiest riding car on the road—for the practical side of motoring seldom goes hand in hand with comfort and fineness. The FRANKLIN SEDAN gives unmatched economy, comfort and usability. They are all the result of common cause—the principles of AIR-COOLING, LIGHT-WEIGHT and FLEXIBILITY. No other car combines these principles and for this reason, FRANKLIN records have stood unequalled for over 17 years. The FRANKLIN car keeps going when most other cars must stop. VOCATIONAL EDUCATION—

The vocational law of 1913 was amended in detail in several particulars. The term "home economics" is substituted for the term "domestic science". Part time evening classes in home economics are open to women over 16 instead of 17 years of age as formerly; the state board of education is authorized to prescribe the manner in which vocational schools shall be conducted; the authority to carry on instruction in elementary domestic science industrial and agricultural subjects as a part of the regular course of instruction in discontinued; attendance upon day or part time classes is restricted to all persons over 14 instead of those between the ages of 14 and 25 as formerly and persons over 16 instead of 17 years of age as formerly may attend evening classes. Provision is made for the establishment and maintenance of vocational teacher training classes. Pupils are required to attend part-time classes not less than 4 instead of 5 hours per week between the hours of 8 a. m. and 3:00 instead of 5:00 p. m. Approved vocational schools must have the necessary buildings and terms of sufficient length in addition to other conditions previously prescribed; the state will pay one half the cost of instruction in vocational subjects and the vocational state tax levy was fixed at one half cent.

Continued from Page One
treasury of the state, for the purpose of paying their carfare to and from the state wide Welcome Home arranged for veterans of the world war, in Indianapolis, at a date definitely to be announced soon, probably near May 9th. In counties where veterans' organizations have been perfected the men are voicing their desires in the matter and in no instance, as it expected, will their wishes go unheeded.

The authority given county officials to appropriate public funds for the purpose has been set with a unanimous response of approval from taxpayers and those who were conspicuous in war activities. The latter have voluntarily offered their support to the plan of having the reception committee from each of the 92 counties include members of the county councils of defense and other representative citizens, to a minimum number of ten.

Interest aroused by the Victory loan campaign in war matters, directing attention to the debt the nation owes to those who fought on land and sea is adding to the general desire to make the Indianapolis celebration one worthy to rank in history along side that which marked the Hoosier greeting to the heroes who survived the Civil War. The fact that the historic monument in the state capital, is to be the center of the day's activities is regarded as a most appropriate arrangement and one that will add to the historic character of the event.

Every Indiana War Work organization has been pledged to co-operate in making the Welcome Home one worthy of the state's proud record in the war and it is through their united efforts that every Indiana boy who wore the khaki or the navy blue will be made to realize the affection and admiration cherished for him at home.

The 150th Indiana Regiment, which was a part of the Rainbow division, and whose arrival as a unit furnishes the occasion for the Welcome Home will be the only intact unit of Indiana troops in the parade, but the various other branches of the service will be represented by many more men, in each instance, than will be seen in the Rainbow ranks.

Y., writes: "My back pained me so I could not sit down to read or write with comfort; I could not sleep at night for constant pain and when I walked I was in great misery. I tried several remedies, but none did me any good. After taking 2 bottles Foley Kidney Pills my back and side are completely cured. They are like a stream of water played on a fire by firemen. They hit the spot put out the fire and drown the pain." They relieve kidney trouble and bladder ailments. F. B. Johnson.—(Adv.)

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

We give 5% off for cash.

NOT NECESSARY TO SHOW DEPENDENCY

Continued from Page One
probably due to a confusion of the insurance and compensation provisions of the Act of Congress of October 6, 1917, and to a mistaken assumption that the terms "Insurance" and "Compensation" are used interchangeably, whereas they represent two entirely separate and distinct benefits.

Insurance is payable regardless of any dependency and a beneficiary designated in an application for Government insurance if within the permitted class of spouse, child, grandchild, parent, brother, or sister is entitled to receive the insurance in monthly installments without proving any dependency upon the insured.

"Compensation," however, which is separate and apart from insurance and takes the place of the pensions provided under the old pension system is payable only to a wife, child, dependent mother, or dependent father of a man who is disabled or dies as a result of injury suffered or disease contracted in the line of duty while employed in the active service. Compensation may be payable in addition to insurance, but a mother or father must prove actual dependency in order to receive monthly payments of compensation although they will receive the insurance in monthly installments if named as the beneficiary thereof whether they are dependent or not.

No dependency need be shown by any beneficiary in order to receive the Government insurance, but a mother or father must prove actual dependency upon their deceased son for the necessities of life in order to receive the additional payment of compensation.

BARGAINS ARE ALWAYS ADVERTISED

The Tri Kappa sorority will meet with Miss Hannah Morris Monday evening at her home in East Fifth street.

Mrs. John Lee will entertain the members of the S. E. T. club Tuesday afternoon at her home in North Harrison street.

Mrs. Gay Abernethy will entertain the members of the Monday Circle Monday afternoon at her home in North Perkins street. The meeting was scheduled to be held at

the home of Mrs. J. C. Sexton but has been changed to the home of Mrs. Abernethy.

Mrs. Albert Allen was hostess for the French class yesterday afternoon in West Eleventh street. The afternoon was devoted to the study of French and after the study hour a light luncheon was served.

The regular meeting of the Coterie club, which was to have been held Monday afternoon, has been postponed for two weeks on account of the serious illness of the club's president, Mrs. George Puntney.

The O. N. T. club will have a

pitch-in-supper Tuesday evening at the home of Mrs. Lon Havens in North Main street. The honored guests will be Mrs. James Brown, of Laurel, who was formerly a charter member and who is visiting her daughter, Mrs. Frank Capp. Mr. and Mrs. Capp will also be guests. Each member is entitled to invite one guest.

Mrs. John D. Megee was the delightful hostess for the Happy-Go-Lucky club yesterday afternoon at her home in North Harrison street. After the social hours a delicious two course luncheon was served. Nineteen members and four guests, Mrs. Ben Humes, Mrs. Walter Frazer, Mrs. George C. Wyatt and Mrs. Carl Eveleigh of Indianapolis, were present.

A large crowd from this city attended the dance given in the Elk's hall in Shelbyville last evening. The hall was beautifully decorated in a color scheme of blue and the "Irresistible Jazz Four" furnished the splendid music for the dancers. Among those present from this city were Mr. and Mrs. Walter Hubbard, Mr. and Mrs. Walter Capp, Miss Marie Crosby, Miss Margaret Holbrook, and Miss Laverne Conway, Allen Blackledge, Tom Saunders, Howard Stiers, Robert Conway, Halbert Brown, Francis Knecht and Alfred Norris.

Members of the Rushville chapter of the Tri Kappa sorority will return this evening from Indianapolis where they have been attending the annual convention at the Claypool hotel, the only social events of which were the banquet and dance yesterday evening in the Riley room of the hotel. Tri Kappas from here at the banquet included Mrs. Kennard Allen, Mrs. Hubert Janis, Mrs. I. L. Endres, Mrs. Neff Ashworth, the Misses Helen and Esther Black, Katherine Peaty, Mary Williams, Jessie Kitchen and Olive Buell. Others attending the dance were Mr. and Mrs. Jack Knecht, Mr. and Mrs. R. E. Harrold, Mr. Endres, Mr. Innis and Scott Buell.

MRS. O. C. BRANN IS DEAD AT HOME HERE

Expires Friday Afternoon at Four O'clock and Funeral Will be Held Sunday Afternoon

ONE SON, WILL, IS IN FRANCE

Mrs. O. C. Brann, age 56, died yesterday afternoon at four o'clock at her home in West Third street following a short illness. Death was due to complications following the pneumonia. The deceased was a member of the St. Paul's Methodist Episcopal church of this city and was a regular attendant at all the services as long as her health would permit.

She is survived by the husband, one sister, Mrs. H. L. Cruzer, of Rock Island, Ill., and two sons, Weldon, whose home is in Texas, and William, who is now in France with the A. E. F. The funeral services will be conducted Sunday afternoon at the late residence by the Rev. C. S. Black and interment will be made in East Hill cemetery.

"Suffer little children to come unto Me and forbid them not, for of such is the kingdom of Heaven."

For a little more than eleven years, God has loaned to Emery VanDeventer and his estimable family a life that has been the source of much joy and happiness; but because of his remarkable promise and lovable character he was fitted for a work up higher and was taken home to complete his training for service with the angels.

Few children had a wider circle of friends and a more promising future than did Marion.

All of his teachers and classmates were impressed by the breadth of his general information and the interest that he took in reading; no student visited the library oftener than he and no one read more carefully.

Comedy and Drama On Program

Harry Morey in a good dramatic story, "The King of Diamonds," and a Sunshine comedy, "Oh, What a Knight," will be shown at the Princess theatre tonight. Monday Dorothy Dalton in "Hard Boiled," is advertised.

Discharged Soldier to Speak

Private George L. Hall, discharged soldier, will give the story of the battle of St. Mihiel with official government war pictures at the Mystic theatre Thursday evening, May 1. The story he will tell carries the listener from the first day at the training camp to the battle fields of France and home again.

Private Hall will also give an exhibition of lightning gun and shell juggling, this feature of the program has caused much comment wherever it has been given.

The grand review of the navies of England, France, Italy and the United States are given in pictures. A heart to heart talk, "Trench and Cootie Life," will also be given by Private Hall.

Bessie Barriscale in "Maid O' the Storm," and a good Harrold Lloyd comedy is the offering tonight. Monday, "The Lure of the Circus," will be shown.

SENATOR PENROSE OF PENN. WILL GIVE TALK

Textile Upholstery Association in Meeting at New York Today and Tonight.

MANY OTHERS ON PROGRAM.

(By United Press.)

New York, April 26.—"Industrial Reconstruction" and its relation to problems of the near future, will be the subject of an address delivered by Senator Boies Penrose of Pennsylvania, before the Textile Upholstery Association at the annual banquet here tonight.

Among the others expected present are Senator Hiram Johnson, California; Sen. Henry Cabot Lodge, Massachusetts; Senator Reed Smoot, Utah; Senator-elect Edge, New Jersey; and Senator James Reed of Missouri.

Governor Sproul of Pennsylvania, Lieut. Gov. Biddleman of the same state, Cardinal Gibbons and General Leonard Wood of the Central Army Department, Chicago, also will attend.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briefly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment made with oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuritis, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, broken chilblains, frost-bitten feet, colds of the throat. It often prevents pneumonia. Always keep a tin of Musterole. 30 cent tin, 50 cent tin, 75 cent tin.

It is the Mark of 100% Americanism. It indicates that you will do what you can for the Victory Loan.

The fact that Victory came sooner than we expected and that there will be a larger per cent of our boys return home, should fill all of us with the spirit of thanksgiving and it should be the pleasure of every citizen to buy Victory Bonds to help the government pay the necessary costs of winning the war.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.
